

Discover News-sheet

January 2019

Dear Friends

Please read our [Annual Report for 2018](#).

I would like to thank all our friends and supporters who, through their generosity, have made this work possible.

Already this year our partners have been active. Rehema Namyalo and her colleagues ran an intensive training seminar in the Catholic Church in Bundibugyo, Uganda. Following the training the participants set up their own Bundibugyo Discover Group. This seminar came about through good collaboration with Busaruhilfe, another Germany based group that supports grassroots work in Uganda.

Robert Bwambale and 45 members of Vumbura Maliba, Uganda, were trained in Mango (but not only mango) juice and liquid soap production by Eric Kihuluka from Kaliro. Their aim is to take full advantage of the flood of mangoes that come twice each year, but only for 6 weeks at a time. The next step is to

Bumbura Maliba has already held its first Executive meeting of the year. This picture shows the heads of sub-groups: natural herbal medicine, gardening, savings and credit, sanitation, school programmes and health and environment.

develop a good method of preservation, because then they could begin to market their products more widely.

All our partners have busy schedules for 2019, not least to follow up the work in all the schools that has been started. You may be interested to read a summary of the work of Discover in primary schools in Uganda on our home-page here: <http://discover-src.net/en/wp-content/uploads/2019/01/Schools-programme.pdf>.

With best wishes,

Keith Lindsey
