17	Kalibogha Amon	Izinga	Iron Sheet (15)	0775839218
<b>Beneficiaries for constructing bricks</b>				
18	Bless Amon	Kidodo	Bricks (3000)	0785472197
19	Mbambu Evalyn	Kakindo	Bricks (3000)	0773718813
20	Biira Georgina	Mpumuro	Bricks (3000),	0778768392
<b>Beneficiaries for constructing cement</b>				
21	Rakeri Kabugho	Mpumuro	Cement (30 bags)	0770789232
22	Ithungu Meres	Kakindo	Cement (10 bags)	0774984108
23	Joice Kambere	Katindo	Cement (10 bags),	N/A

In *Table 2* above, is the list of beneficiaries of the financial support from the Fundraising Initiative started by Merlin Willcox and Many other Supporters towards the Floods Disaster of May 2020 that affected many people severely, by water affecting their Homes, Properties and farm crops.

The following building Materials (in summary) were bought and distributed to the 23 members to help them as a starting point in recovering back from the Floods as shown in *Table 1* above.

1. Iron sheets 255 pieces, where 17 people received 15 each,
2. Cement 50 bags, shared by 3 beneficiaries,
3. Bricks 9000 numbers; where 3 beneficiaries received 3000 each.

**The following attached photos are supporting the above report**

*Pieces of Iron sheets ready for distribution*

*Some of the bags of cement getting ready for distribution*

*Delivery of the items at the site after being purchased getting ready for distribution to beneficiaries*

*Planning meeting with stakeholders and local leadership to organize the distribution. In the background, are camping tents for the flood victims in Maliba sub county by River Mubuku where some of the beneficiaries are being resettled*

*Masika Jane, a 45 years with 09 children was one of the floods victims who received 15 pieces of iron sheets for roofing standing with Robert on a collapsed house before the support. Robert visited Jane to access the magnitude of the floods.*

*After receiving the iron sheets, a new house was set up. The new iron sheets were roofed on a new house.*

*Some of the bricks being used by beneficiary houses to prevent/protect their houses from erosion by river water*

*One household member has started work after receiving bricks to protect their houses. Bricks are being used to project, fill gaps and build foundations to the beneficiary houses near river banks.*

*Kule Kalibuliro of 48 years, married with 6 children, a resident in Kakindo village lost his house during the floods, and all crops taken by floods. Nothing was left at his home was one of the beneficiaries as seen in the right picture.*

*This is Kalibogha Amon, a 42 years married man with 5 children whose house main house was flooded leaving him with no option than to shift in a dilapidated house as seen behind him which was not safe for his family. However, Amon had an unroofed house under construction as seen in the right picture which was roofed after receiving the support (iron sheets).*

*Kule Kalibuliro of Kakindo, seated, receiving pieces of iron sheets, counting the number received. He was very excited to receive items to help him start a new home.*

*Amon will soon start to live in the new house after roofing part of the house though the received items did not finish the roofing.*

*This is Constance Biira, a 78 year old widow taking care of 5 grand children whose parents passed away some years back. Constance lost completely everything including her main house, crops and properties. She's being currently housed in a relative's home who is standing beside her in the left picture. During my (Robert) conversation with her, she narrated her story, how floods affected her. She is unable to afford money for buying a new land where she live. She was among the people who would receive support but due to lack of land where to construct a new house, she never received.*

*Robert visiting one of the beneficiaries (Muthaniwa Jonathan) new proposed site and the foundation for the new house was being prepared.*

*Muthaniwa Jonathan taking home received iron sheets for roofing on his new house.*

### **Recommendations and comments**

1. For monitoring, Robert and team in support with the local leadership will continue to reach to the beneficiaries to ensure that the items given to beneficiaries are put into useful purpose as agreed after and during the distribution.
2. The number of victims was overwhelming, but at least to our greatest observations, 23 people were able to be given starting support. The total number of affected victims registered by Disaster and preparedness personnel at sub county level, is 87 households. Out of this number, 36 were severely hit by floods with which the 23 were supported.
3. The local leadership and our stakeholders suggested that there be a training on river banks protection, environment protection and sensitizations and awareness campaigns over radio talk shows, as well as family visitations.
4. Due to high reported cases related to domestic violence, early pregnancies, unwanted pregnancies and unions, child abuses, defilements and diseases as a result of camping in one place with big numbers of people, no ongoing education, lockdown due to Coronavirus among others, a training is recommended.

### **In conclusion,**

I extend my sincere gratitude to Mr. Merlin Willcox and other supporters in UK for the funds that supported us to have this program a success. Members (beneficiaries) were very excited to receive the different items and there is hope for a new life.

I thank you.

Compiled by

Robert.
